### BOOK INFORMATION

You may obtain a copy of the ACLS manual by purchasing the book at any University Health Science bookstore, or you may call 1-888-LAERDAL (523-7325). Please ask for David Ashbury, who will process your order and send out a book immediately. Please refer to the ACLS PROVIDER MANUAL. Cost is \$33.00 plus applicable tax. The cost of this book in a bookstore is slightly higher. Also available from LAERDAL and the bookstore is a pocketbook that is very useful to carry in your lab coat. This pocketbook does have all the information necessary for reference to all the algorithms, drugs and dosages, the MI and paediatric resuscitation. Please refer to the HANDBOOK OF EMERGENCY CARDIOVASCULAR CARE. Cost is \$16.95 plus applicable tax if ordered, and will cost more if purchased in the bookstore. This pocketbook is also available for purchase at the ACLS course for \$23.00 (tax included). An excellent book to replace the above-mentioned manual is the ACLS STUDY GUIDE (3rd Edition) by Barbara Aehlert, RN, BSPA. This is an approved book for preparation for the ACLS course, and can also be purchased in the bookstore. You may also go online to [http://circ.ahajournals.org/content/vol112/24\\_suppl/](http://circ.ahajournals.org/content/vol112/24_suppl/) to download and print a book. This is not copyright material if used for study purposes only. The combination of one of above-mentioned manuals plus the pocketbook is a wise investment.
