The Department of Pediatrics at McMaster University and McMaster Children’s Hospital are seeking a full-time academic physician to join the division of Developmental Pediatrics. The successful candidate will be considered a clinician educator. The successful candidate will be expected to have expertise in the diagnosis and management of Autism Spectrum Disorder and will share the responsibility of comprehensive clinical services, education and research in developmental pediatrics.

The Division of Developmental Pediatrics is located at the Ron Joyce Children's Health Centre (RJCHC), a newly custom built, state-of-the-art facility, that includes the Autism Spectrum Disorder (ASD) services, Developmental Pediatric Rehabilitation services (DPR) and Children and Youth Mental Health Programs (CYMP) all under one roof. The Ron Joyce Children’s Health Centre offers a collegial atmosphere and a unique academic environment with three research centres including MacArt, a newly founded McMaster autism research team as well as CanChild and Offord Centre that provide excellent research opportunities and mentorship.

McMaster University is internationally recognized for innovations in medical education and pioneering biomedical, epidemiological and health systems research.

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada’s reporting requirements, the University is obliged to gather information about applicants’ status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: Yes, I am a citizen or permanent resident of Canada - or - No, I am not a citizen or permanent resident of Canada.

Applicants should be certified (or eligible for certification) in Pediatrics and Developmental Pediatrics by the Royal College of Physicians and Surgeons of Canada and must be licensed (or eligible for licensure) in the Province of Ontario.
