The Department of Pediatrics at McMaster University and McMaster Children’s Hospital are seeking a full-time academic physician to join the Division of Pediatric Hematology-Oncology. The successful candidate will join a Division with twelve members (including two radiation oncologists and a research scientist). The successful candidate will be expected to have a graduate degree in clinical epidemiology and an interest in Global Health and marginalized populations. The successful candidate’s responsibilities will include further development of the After Care component of the program, sharing in the delivery of the comprehensive clinical services offered by the division and participating in research and educational activities.

McMaster University is internationally recognized for innovations in medical education and pioneering biomedical, epidemiological and health systems research. Located in Hamilton, on the edge of Lake Ontario and the picturesque Niagara escarpment, McMaster Children’s Hospital is a tertiary referral center serving a population of more than 2.3 million. The Division of Pediatric Hematology-Oncology is a member of the Children’s Oncology Group. The Division is a research-intensive group; the successful candidate will be encouraged to develop a clinical investigative agenda as well as participate in educational activities within the Royal College accredited pediatric and pediatric hematology-oncology training programs.

The position will incorporate an academic appointment appropriate to the qualifications and expertise of the applicant. We offer a collegial atmosphere, a unique academic environment, many research opportunities and the opportunity to work in a growing academic department with enthusiastic colleagues.

All qualified applicants are encouraged to apply; however, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada’s reporting requirements, the University is obliged to gather information about applicants’ status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: Yes, I am a citizen or permanent resident of Canada - or - No, I am not a citizen or permanent resident of Canada.

Applicants should be certified (or eligible for certification) in Pediatrics and Developmental Pediatrics by the Royal College of Physicians and Surgeons of Canada and must be licensed (or eligible for licensure) in the Province of Ontario.
