The Department of Pediatrics at McMaster University and McMaster Children’s Hospital are seeking a full-time faculty member in the Division of Neonatology. This position offers a stimulating environment with a committed team that combines a regionalized perinatal service and internationally recognized strength in research and medical education across the complete spectrum of child health.

The successful candidate will be considered a clinician–researcher but will also contribute significantly to the divisional and departmental educational activities. The successful candidate is expected to have a high academic and clinical interest in Quality Improvement and Patient Safety. She or he is also expected to support quality at the bedside through education, collaboration, and knowledge translation with the interprofessional team. Faculty members are expected to share in the clinical responsibilities of the NICU service while promoting the profile of McMaster University and McMaster Children’s Hospital through academic endeavors. The successful candidate will be expected to spend the majority of his/her time in academic activities but will also be expected to contribute to divisional clinical service.

The Neonatal Division is an important service within McMaster Children’s Hospital (MCH), the pediatric regional referral centre for a population of more than 2.5 million in south central Ontario. The Neonatal wards include a 47-bed NICU as one of the largest level III units in the country as well as a currently 14 bed level II unit, with a multidisciplinary team providing comprehensive patient care. There are more than 1500 newborn admissions per year including more than 200 VLBW infants. The full spectrum of admissions includes all types of congenital malformations and non-cardiac post-surgical care.

Applicants should be certified (or eligible for certification) by the Royal College of Physicians and Surgeons of Canada in Pediatrics and must be licensed (or eligible for licensure) in the Province of Ontario. Academic rank will be commensurate with training and experience.

All qualified applicants are encouraged apply; however, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada’s reporting requirements, the University is obliged to gather information about applicants’ status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: Yes, I am a citizen or permanent resident of Canada - or - No, I am not a citizen or permanent resident of Canada.
Review of applications will begin on March 1st, 2017 and continue until the position is filled.

Interested candidates should submit a curriculum vitae and letter of interest via email to:
