Dr. Hamstra’s research addresses the validity of competency assessments for medical residents, as well as the effectiveness of simulation for teaching and assessment. He is currently VP for Milestones Research and Evaluation at the Accreditation Council for Graduate Medical Education (ACGME), which sets accreditation standards and accredits over 9000 residency training programs in the US across more than 140 medical specialties.

STANLEY J. HAMSTRA, PH.D
VICE PRESIDENT, MILESTONE RESEARCH AND EVALUATION ACCREDITATION COUNCIL FOR GRADUATE MEDICAL EDUCATION, CHICAGO, ILLINOIS
