C. CHILD and ADOLESCENT PSYCHIATRY

Core Rotation (6 months required): Recommended for PGY 3 residents

The core child and adolescent rotation may consist of either 6 months outpatient or split 3 months inpatient and 3 months outpatient.

With regards to split rotation:

Inpatient section: Residents should indicate their preference for the service/location or team rather than individual supervisors. Supervisors are listed for information as to their location / team. Each resident will have a primary supervisor assigned to ensure that the resident's goals are met, evaluation occurs, and that the requirements of the core rotation are met.

Outpatient section: may take place at either Chedoke or MUMC..

With regards to (depending on supervisor's availability)

Core Rotation Opportunities in Child & Adolescent	Availability	Description
Peter Szatmari szatmar@mcmaster.ca	Full time	Chedoke General out-patients
Ellen Lipman lipmane@mcmaster.ca	Full time	Chedoke, some consults at a Family Health Team and screenings.
Grand River Hospital – KW JD Vanderkooy john.vanderkooy@grhosp.on.ca John Heintzman John.Heintzman@grhosp.on.ca	Full time	
Jeremy Goldberg goldbej@mcmaster.ca	Shared – At Chedoke on Mon PM, Fri 10:30+ 3 or 6 month rotations are fine.	I mostly do consultations (about 5 per week). My interest is in disruptive behaviour and developmental/neuropsychiatric disorder, although there is currently no specialized pathway for these disorders. Indirect and direct are my preference, depending on level of experience in child psych .
Noam Soreni nsoreni@stjosham.on.ca	Full time	In the ATRC. Would be shadowing as no available work space for additional learners on Tuesdays.
Khrista Boylan boylank@univmail.cis.mcmaster.ca	Not available until October 2012.	
Roberto Sassi sassir@mcmaster.ca	Contact Dr. Sassi re available days	
Jennifer Couturier	Supervision for one day only - either Tuesday or Monday	Consultation Liaison and eating disorders

3G Out-patient Sheila Harms harmssh@hhsc.ca	May be able to accommodate Chedoke residents on occasion. These possibilities will need to be discussed in the context of your rotation.	Chedoke residents may be able to join several urgent access assessments over the rotation which would provide residents with some variety in their experience.
3G In-Patient Sheila Harms harmssh@hhsc.ca Oleg Savenkov savenkov@hhsc.ca Abode Akintan Akintan@hhsc.ca Chetna Kulkarni Kulkarni@hhsc.ca	Shared 22 beds inpatient unit Available four months. Contact Dr. Kulkarni re available days	HHSC

D. GERIATRIC PSYCHIATRY (6 months required) recommended for PGY3 residents
 The rotation will be split 2 months inpatient and 4 months outreach. Also one week of geriatric medicine will be arranged during the rotation.
 Please list preference or inpatient and outpatient separately.

Contact person: Dr Ana Hategan ext 36782, email: ahategan@stjosham.on.ca

Please select 1 supervisor for inpatient rotation and 1 supervisor for outpatient rotation. The inpatient/outreach supervisors are not linked in teams as in previous year.

INPATIENT SUPERVISORS:

Residents who select Dr Crowson or Dr Hategan will spend a portion of their placement on A1 (unit for patients with Dementia and responsive behaviours) and the remainder of their placement on H1 (acute psychiatry geriatric inpatient beds).

7. Hamilton ACT II Team

Supervisor: Dr. R. Erstling
Ms. Holly Raymond, Manager (contact)

8. WPOP

Supervisor: Dr. E. Rotstein

Note: Under certain circumstances, if a resident encounters an inpatient meeting the criteria for a severe and persistent psychotic and/or bipolar illness with outpatient follow-up arranged at one of the approved outpatient programs and for whom discharge is likely to occur within the next one month, the resident may contact the attending outpatient physician to inquire as to the availability of a longitudinal placement. In this circumstance, it is expected that the resident would follow that particular inpatient as they progress towards discharge, but also attend clinic days with the outpatient service.

Senior Stream – PGY4

F. CONTINUING CARE REHABILITATION (6 Months)

Note: residents will be assigned the time period during which they will complete this rotation but can select their preference for location supervisor.
