The Department of Radiology, McMaster University and St. Joseph’s Healthcare Hamilton, Department of Diagnostic Imaging are seeking a full-time fellowship-trained Interventional Radiologist to join its team of 17 sub-specialized Radiologists. This is a permanent, full-time replacement position.

WHO SHOULD APPLY?
The preferred candidate will have sub-specialized training in all aspects of Interventional Radiology. Particular emphasis is placed on complex dialysis-related interventions, arterial revascularization, complex embolization and tumour ablation. Candidates should also be familiar with the entire spectrum of IR intervention including biopsies, drainages and vascular access. In addition, candidates should expect to provide clinical consultative services and longitudinal care to IR patients in the inpatient and outpatient settings. Candidates must have proven evidence of the ability to work in an interdisciplinary, collaborative environment with our colleagues in comprehensive regional programs in Thoracic Surgery, Head & Neck Surgery, Respirology, Nephrology, Hemodialysis and Renal Transplantation, Colorectal Surgery, Urology Cancer and Bariatric Surgery. This includes routine, consistent participation in regularly scheduled multidisciplinary conferences. Participation in a 1:3 acute on-call roster covering Interventional Radiology at St. Joseph’s Healthcare only is required. The preferred candidate must also have proven proficiency in the areas of CT, Ultrasound and General Radiography.

This is a full-time faculty position at McMaster University, with academic rank commensurate with the candidate’s qualifications and experience. Fellowship training is mandatory. The successful candidate will promote clinical scholarship and demonstrate strong potential for teaching, mentorship and scholarly research. Participation in teaching and supervision for our strong residency and subspecialty fellowship programs, as well as undergraduate programs is required.

ST. JOSEPH’S HEALTHCARE HAMILTON
St. Joseph’s Healthcare is a multi-site (3) acute-care, 740 bed teaching hospital in Hamilton, Ontario, Canada, and an affiliated teaching hospital of McMaster University, Faculty of Health Sciences. It operates at the Regional Referral Centre for Head & Neck Surgery, Mental Health and Addictions, Thoracic Surgery, Respirology, Hemodialysis, Nephrology and Renal Transplantation, Colorectal surgery, Urology and Bariatric Surgery. It has a large, comprehensive out-patient general referral practice.

CIRO – Centre for Interventional Radiology has two interventional rooms with a recent installation of a state-of-the-art angio suite. There is a dedicated 5-bed recovery area directly adjacent to the interventional suites. The program also has a directly adjacent outpatient clinic and an inpatient consulting service supported by a full time dedicated interventional radiology physician assistant. Candidates will be expected to contribute to this service and provide PA supervision.

The Diagnostic Imaging Department has two 1.5T MRI scanners, one, 3T MRI scanner and two multi-slice CT scanners. Research facilities at St. Joseph’s Healthcare include the Imaging Research Centre with a dedicated 3T research magnet and new state-of-the-art CT PET scanner.

HAMILTON and SURROUNDING COMMUNITY
Hamilton is a major academic and cultural centre lying between the shores of Lake Ontario and the Niagara Escarpment. The ethnic diversity of the City is reflected in its neighborhoods, educational institutions, galleries, shops, & restaurants.
Hamilton is home to many festivals, concerts, sports events and its extensive trails and conservation areas provide opportunities for cycling and hiking. It is a family-oriented community with a fairly modest cost of living.

MCMASTER UNIVERSITY – FACULTY OF HEALTH SCIENCES (FHS)
With pioneering education advances and excellence in world-class research, McMaster University has consistently placed among the top 50 universities in the world for health and medicine. The Michael G. DeGroote School of Medicine is world renowned for its innovative method of small group, problem-based education, and a focus on self-directed, life-long learning. The Department of Radiology provides rewarding opportunities for faculty who are interested in education, clinical excellence, research and multi-disciplinary team projects.

APPLICATION REQUIREMENTS
The successful candidate must adhere to the established Standards of Behaviour for St. Joseph’s Healthcare Hamilton. Qualified Applicants must either hold or be eligible for certification in diagnostic radiology for the Royal College of Physicians and Surgeons of Canada, have undertaken a minimum 1-year dedicated Interventional Fellowship Program with an accredited institution and be eligible for licensure with the College of Physicians and Surgeons of Ontario.

All qualified applicants are encouraged to apply; however, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada’s reporting requirements, the employer is obliged to gather information about applicants’ status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: “Yes, I am a citizen or permanent resident of Canada” or “No, I am not a citizen or permanent resident of Canada”.

Review of applications will commence immediately (October 2019) and will continue until the position is filled. Only those selected for an interview will be contacted.
